### **Hearing Aid Compatibility:**

- Special feature which helps to eliminate background noise and interference when you use this telephone with a hearing aid.

## **2. PRECAUTIONS**

The signal quality will depend on the location and environment of the base and handset.

Position your BigTel 1580 / 1582 / 1583 away from sources of excessive heat (radiators, direct sunlight, etc.) and protect it from vibrations and dust. Never allow your telephone to come into contact with water or other liquids, or with aerosols. To reduce the risk of interference and optimize reception, take particular care not to install the base in the immediate vicinity of windows, large metal objects, reinforced concrete, televisions, music centres, halogen lamps or heating devices, fluorescent lighting, burglar alarms, microwave ovens, computers, etc.

This telephone requires an electrical power supply in order to function. To clean your BigTel 1580 / 1582 / 1583 use an antistatic cloth lightly moistened with water.
